

2024 Sustainable Investing Forum

Join us for this one-day event dedicated to sustainable investing, bringing together academics and industry experts for an engaging exchange of knowledge and practice.

It is a great opportunity to explore the latest research and learn from leaders in the field about key topics such as managing climate risk in real estate, navigating disclosure requirements, and how sustainability affects decision making.

Co-organized by EHL Hospitality Business School and Asteria Investment Managers

June 10, 2024

EHL Campus Lausanne
